

Product Name: Easy MP3 Car Kit with 1GB

Model Number: CVSCJ-7903

Easy to use MP3 car kit has simple bluetooth and entertainment functions along with handsfree bluetooth functions for todays cell phones. This handy little gadget has managed to combine two of todays most popular add-on technologies for the car and build them into one device. The Bluetooth FM transmitter will pair with your mobile phone allowing you to converse with others with the attached microphone and listen on your cars speakers by using the FM transmitter! You can also listen to your MP3 collection using the FM transmitter, it is as simple as loading up the on board 1GB memory or plugging in a USB/SD card and hearing the beautiful digital sound over your own cars stereo system.

When you answer a call your music will be paused automatically and when the call is ended the music will resume. This product is easy to install, simply plug it in to your cigar lighter, choose a frequency for the unit, tune your radio and your set. The unit also features rewind, pause and fast forward controls for simple music navigation. In the age of Bluetooth a handsfree car kit has become a necessity, by pairing this simple unit to your car stereo you can listen to your tunes and never miss a phone call!
